## Personal Profile

Hello, I'm Misha! My first steps in web development was The CodeHS Introduction to Programming with Karel the Dog course, where I learn the basics of programming in JavaScript, from that moment around 1 year ago I fell in love with super intensive thinking and coding. Nowadays I am too much Eager to learn something new and interesting for me in the programming. I'm passionate about software development and I'm skilled in MARKup(super-responsive), JavaScript and React. I'm now looking for a junior developer position as I learned how to code at super-intensive Bootcamp 'BitcampPro'.
