Personal Profile

Hello, I'm Misha! My first steps in web development was The CodeHS Introduction to Programming with Karel the Dog course, where I learn the basics of programming in JavaScript, from that moment around 1 year ago I fell in love with super intensive thinking and codding. Nowadays I am too much Eager to learn something new and interesting for me in the programming and I am ready for new challenges. I'm passionate about software development and I'm skilledin MARKup(super-responsive), JavaScript and React. I'm now looking for a junior developer position as I learned how to code at super-intensiveBootcamp 'BitcampPro'.
